

Avoid potential catastrophes by clearly marking hazard areas!

## Electrical Hazard Safety Signs

E-Z-Code®

AL – Aluminum: 5 to 8 year durability

Cat. No.	Mat.	Size (in.)
BP43109	AL	7 x 10
BP43110		10 x 14
BP25532	PL	7 x 10
BP25533		10 x 14
BP84876	SS	7 x 10
BP84877		10 x 14

PL – Plastic: 1 to 2 year durability

Cat. No.	Mat.	Size (in.)
BP40667	AL	7 x 10
BP40668		10 x 14
BP22103	PL	7 x 10
BP22104		10 x 14
BP84083	SS	7 x 10
BP84084		10 x 14

SS – Self Sticking: 5 to 8 year durability

Cat. No.	Mat.	Size (in.)
BP40997	AL	7 x 10
BP40998		10 x 14
BP22433	PL	7 x 10
BP22434		10 x 14
BP84571	SS	7 x 10
BP84572		10 x 14

Cat. No.	Mat.	Size (in.)
BP43477	AL	7 x 10
BP25900	PL	10 x 14

Cat. No.	Mat.	Size (in.)
BP42584	AL	7 x 10
BP42585		10 x 14
BP23061	PL	7 x 10
BP23062		10 x 14
BP88217	SS	7 x 10
BP88218		10 x 14

NEC® compliant signs warn of arc fault danger.

### Vinyl Pressure-Sensitive

New 2002 National Electrical® Code Requirement: 110.16 Flash Protection

The new requirement is intended to reduce the occurrence of serious injury or death due to arcing faults to workers who work on or near energized electrical equipment. The warning label should remind a qualified worker who intends to open the equipment for analysis or work that a serious hazard exists and that the worker should follow appropriate work practices and wear appropriate personal protection equipment (PPE) for the specific hazard.

Cat. No.	Legend	Color	Size (in.)
LB94915	WARNING ARC FLASH	Orange and black on white	7 x 10
LB94916	AND SHOCK		10 x 14

Order by cards. 5 identical cards per standard package poly bag.
